Basis of Calculation of Variable Interest Rate and Interest Payment Dates and default interest where Condition 5(II)(b)(i) to (vii), 5(II)(c), 5(II)(d) and 5(II)(e) do not apply (Condition 5(II)(b)):

(a) Calculation of Interest Amounts:

The Interest Amount per Authorized Denomination shall be determined by the Calculation Agent in accordance with the following formula:

\[ 7.00\% \times \left( \frac{N}{2 \times M} \right) \times \text{Authorized Denomination} \]

Where:

- \( N \) is the total number of days in respect of each relevant Interest Period on which the Reference Rate is within the Accrual Range as determined by the Calculation Agent.
- \( M \) is the total number of days in the relevant Interest Period, as determined by the Calculation Agent.

“Reference Rate” for any day in the Interest Period means 6 month US$ LIBOR, being the rate for deposits in US$ for a period of six months which appears on the Moneyline/Telerate Page 3750 (or such other page that may replace that page on that service or a successor service) at 11.00 a.m. London time on the fifth Relevant Business Day prior to such day.

If such rate does not appear at the time and day designated above in respect of any day in the Interest Period, the Calculation Agent shall determine the Relevant Rate by requesting the principal London office of each of four major banks in the London interbank market (the “Reference Banks”) to provide a quotation for the rate at which deposits in US$ dollars were offered to prime banks in the London interbank market for a period of 6 months at approximately 11:00 a.m. London time on the fifth Relevant Business Day prior to such day. If at least two such quotations are provided, the Relevant Rate will be the arithmetic mean of the quotations.

If only one such quotation is provided, the Calculation Agent may determine that such quotation shall be the Relevant Rate. If no
such quotations are provided, and the Calculation Agent determines in its sole discretion that no suitable replacement Reference Banks who are prepared to quote are available, the Calculation Agent shall be entitled to calculate the Relevant Rate in its sole discretion, acting in good faith and in a commercially reasonable manner.

“Accrual Range” means:
for each Interest Period within the period from and including December 10, 2003 to but excluding December 10, 2004, greater than zero per cent. but less than or equal to 4.00 per cent.;
for each Interest Period within the period from and including December 10, 2004 to but excluding December 10, 2006, greater than zero per cent. but less than or equal to 5.00 per cent.;
for each Interest Period within the period from and including December 10, 2006 to but excluding December 10, 2008, greater than zero per cent. but less than or equal to 6.00 per cent.; and
for each Interest Period within the period from and including December 10, 2008 to but excluding December 10, 2012, greater than zero per cent. but less than or equal to 7.00 per cent.

**Rounding**

In applying the formula described above in respect of the Interest Amount, the Calculation Agent shall round the result of:
7.00% x (N/(2 x M))
to the nearest one-hundred thousandth of one per cent. prior to multiplying that result by the Authorized Denomination.

(b) **Interest Payment Dates:**
June 10 and December 10 of each year commencing on June 10, 2004 and ending on the Maturity Date
