Recent Developments

Effective March 1, 2001, the Bank has placed all of its loans to, or guaranteed by, the Republic of Côte d’Ivoire in non-accrual status. As of this date, the principal amount outstanding on Bank loans to the Republic of Côte d’Ivoire was approximately US$592 million, or 0.5 percent of the Bank’s total outstanding loans, and overdue payments totaled US$74.9 million. As a result of the Republic of Côte d’Ivoire’s loans entering non-accrual status, the Bank will increase its loan loss provisions with respect to these loans by an amount currently estimated at US$150 million. That action, together with a charge of approximately US$45 million for interest payments and charges not received, will result in the Bank’s net income for the third quarter ending March 31, 2001 being reduced by approximately US$195 million. The Bank’s net income for the fiscal year ended June 30, 2000 was US$2 billion.
