Everything you always wanted to know about the World Bank

Who are we?
• International organization owned by 188 countries
• World’s largest source of development finance
• World’s largest resource for development expertise and coordination services
• Frequent bond issuer rated AAA

What’s our objective?
• Work with our members so they can meet their development goals, and achieve major, sustainable improvements in standards of living for their people

How do we help our members achieve their development goals?
By providing:
• Financial solutions, including financing, guarantees, and risk management tools to support their development-related investment programs; and
• Expertise in areas such as agriculture, health, education, transportation, energy, and legal, financial market, and institutional reform, so that they can find solutions to national, regional and global problems
**What are the underpinnings of the World Bank's AAA rating?**
- Diversified shareholder base
- Prudent risk management
- Quality loan portfolio that benefits from preferred creditor status
- Substantial liquidity
- Consistent profitability

**Who are the World Bank’s shareholders and how much capital do they own?**
- 188 member countries have subscribed to US$223.2 billion of subscribed capital (paid in capital + callable capital)
- The largest shareholders include the United States (16.05% of total subscribed capital), Japan (8.94%), China (5.76%), Germany (4.73%), and France and the United Kingdom (with 4.22% each)

**What is the World Bank’s gearing ratio limit?**
- The maximum gearing ratio is 1:1 – outstanding loans and guarantees may not exceed subscribed capital, reserves and surplus

**Is the World Bank profitable?**
- Yes, although we are not a profit-maximizing institution, strong financial performance is important to sustainably support development goals

**What are the key components of the World Bank’s funding strategy?**
- Meet investor needs by offering a broad product mix
- Ensure high standards of execution

**What’s the World Bank’s liquidity policy?**
- Large amount of liquidity supports flexibility
- Actual liquidity is always greater than the minimum liquidity target, calculated as the highest consecutive six months of debt service plus half of the estimated loan disbursements that year
